

# ANNUAL REPORT

## How do you eat an elephant

Let me start by saying, I did not eat this elephant and no elephants were harmed in the preparation of this newsletter. In fact, the brave young man riding this elephant made sure of that. He did not allow me to mount this magnificent beast for the picture. He said I was too fat.

With over **245 million addicts** worldwide, drug sales are a staggering 400 billion dollar industry, greater than the entire global trade of iron, steel and cars. **How do you tackle such a daunting task? The same way you eat an elephant...one bite at a time!**

2005 was a fantastic year and **we could not have done it without you.** Some intercessors have stood with us in outreach for 28 years and some of you are new friends, but you all share the blessing, one **miracle** at a

This time last year, the attention of the world was focused on the tragedy of over 200,000 swept away by a devastating tsunami in Asia. People wept for their loss and scrambled to their aid, but with millions of addicts worldwide, who weep for an entire generation being swept away by this wave of addiction?

While we battle terrorism in the middle east, who battles the terrorism of drug addiction that stalks the streets of the USA, terrorizing families and communities as well as funding international terrorism around the globe and fueling the commercial sex slavery?

**Because of you, through Christ we are making a difference.** You sent us

- To **India** and the tsunami region to help and a word from the Lord,
- to **Africa** with good news of God's Love,
- to **Camaquey Cuba** to explore a historic new opportunity for miracles,

- to **Eastern Europe** and **Kazakhstan** to train and disciple a new generation of leaders who are taking the gospel to Muslim nations.

You are sending us to addicts and hurting people around the world with the good news of the gospel. Whether we are ministering in crusades of 20,000 or on a street corner to one, you share the blessing because you share the burden.

***We cannot do it without you.***

There are millions who weep alone with no one on this earth to care. Jesus cares and Teen Challenge is a tool to bring His compassion to

bear on human need. Whether it is AIDS in Africa, CSWs in India or political and religious bondage in Cuba, with your help we traveled to 5 continents in 2005, bringing practical solutions through the power of Jesus Christ.

**While we rejoice in all of the victories of 2005, we are believing God for an even greater year in 2006.**

These boats should be in the water, not in the center of the city. As we helped fishermen get back into the water- the Hindu men were particularly impressed that we prayed a blessing on the catch and God provided nets full of fish like these when others caught nothing! At the end of the day, we were actually fishing for men.

These children of commercial sex workers once learned only fear, bondage and abuse, hiding in terror under their mother's bed in the brothels. Now they learn to pray for each other.

Through Teen Challenge, the generational cycle of domination and cruelty is broken.

## Facilitating Life Transformation

**Preparing ? Planting ? Partnering**

Global Teen Challenge points us to strategic hot spots around the world and approves our trips as part of the Teen Challenge Global initiative. We receive no salary from Global Teen Challenge and are responsible to cover all of our own support and all travel expense. It is your monthly support, gifts, and intercession, that keep us at the cutting edge.

# Siberia-Kazahstan

Our mission to Novokuznetsk, Siberia in February will join Mike and Tim Zello for a Russian LTI (Leadership Training Institute). We will serve and train staff for ministry and outreach.

In Russia, A/G Missionaries Janet and Ilya have battled organized crime, political oppression and religious opposition to birth a thriving church and Teen Challenge Centre with over 125 students. God is doing exciting things there. When I am not working with LTI, I will be training and preparing their choir for ministry and high school outreach.

Russia has a population of 143.5 million. While many know about the alcohol problem in Russia, it is important to note that ten million, 7 % of the population are addicted to drugs. Almost half began abusing drugs at the age of 13 or 14 years old.

Forty percent of the male population of the country are alcoholics, and the average age that they begin drinking has gone down to 12 or 13 years old.

There are 1.1 million prisoners, and 37 million pensioners. Two out of 3 marriages end in divorce and there are 2 abortions for every live birth, or 3 million abortions

a year. There are 4 million abandoned kids and 10 million children living with a single mother.

Sixty percent of the Russian population is on the edge of a nervous breakdown and the Russian population is decreasing by one million people each year.

Pray for the TC leadership, that they might have wisdom and courage; that they will make the decisions necessary to set a course and be the example that will lead their country back to a solid foundation. This foundation can only be found in the Lord!!

As you pray for this mission, pray for my continuing ministry as I travel on to Kazakhstan, Feb 14 to 21. I have been invited to return to minister at the General Council of the Assemblies of God in Kazakhstan!

Cathy and I will be in South Africa and Swaziland in March. Thank you for standing with us.

## Power Points for Prayer

### MONDAY

- To break the Satanic stronghold of addiction

### TUESDAY

- Encouragement & strength for Teen Challenge Staff.

### WEDNESDAY

- For safety as we travel.

### THURSDAY

- For grace to accomplish God's will for our lives.

### FRIDAY

For the move of God in the lives of addicts and victims of addictions.

### SATURDAY

The families of our missionaries who serve so courageously.

### SUNDAY

For God to anoint Teen Challenge teams that we have released all around the world as they minister in churches on 5 continents.

Among our many blessings, the greatest is our family. We praise God for the wedding of our son, Chris to Nia in 2005 and look with anticipation to the birth of our first grandchild in 2006. We are also thankful for my mom's continuing recovery from cancer.
