Graduation a success—Success celebrated !

Last October, we graduated 11 students who are successfully integrated in local churches and have completed the one-year rehab program. Among proud and grateful family members, were local authorities and churches, celebrating the proof that in Christ, all things are made new. The staff and volunteers of TC Spain are grateful for what God is doing amongst us, raising up men for new challenges that lie before us.

Spain is the European country with the highest drug consumption rate and, per capita, consumes more cocaine than the United States of America. We have a lot of work before

us, but also know that we are not alone. Your prayers and gifts are invaluable.

Congratulations to all graduates. Perseverance and trust in God pay off!!!

A special THANK YOU to all our staff and volunteers that serve wholeheartedly 24/7. What a pleasure it is to serve a team that loves the Lord and, therefore, loves people with such passion.

Our harvest garden this year was exceptionally good. Joshua, seen below, was “caught” saying: “Dad, these tomatoes are larger than my

Partnership with AG Bible School

Teen Challenge is proud to inform that we will be signing a protocol of partnership with the Assemblies of God Bible School in Cordoba to partner in the training process of Bible school students. We will be giving classes on Social outreach for churches and in return, students will also have the opportunity to visit the TC program and get exposed to all

aspects of our program—from counseling to teaching and from cleaning up in our animal farm to harvesting vegetables. Those who show a burden for serving in an “on-hands” ministry like ours, will be invited to spend the summer with us, allowing them to further their ministries.

We believe this will prove to be a vital part of “real-life” experi-

ences for Bible school students and a way to promote the Teen Challenge program. We trust God will also raise up new staff members through this partnership.

A real blessing is the fact that the students in our program will be exposed to the Bible School curriculum, and we equally trust many will be serving full time in the future. PN
