

## Income Generation Program

Teen Challenge of Cambodia has begun officially since November, 2008, where it is officially registered with the Ministry of Social Affairs which is under the Royal Government of Cambodia. We have been helping more than 40 young adults and children, and we are now caring for 25 students in our care at the moment. As our program is continuing to serve our beneficiaries, we are in the process of doing some types of income generation to help contributing toward our daily program expenses. We have grown a few types of vegetable with participation of our students and staff to help

raising a certain amount of dollars to cover up while our operational cost is too heavy. We will also gradually plan to raise chicken, cow, and do some handcraft during this year. Hopefully, we are able to receive a certain amount of dollars through our income generation program. At this stage, we are also facing the challenges in starting up this program concerning the

startup cost and skills to do the work. For this reason, we would like to ask you to stand with us in prayer for the startup cost provision from the Lord, so that we are able to run this program effectively and graciously. As our Teen Challenge Center has been growing remarkably, we do need to think ahead of the possibilities to sustain our program for the long run. Thank you for all the supports!

## Holistic Ministry to Child Addicts

Every child is made in the image of God, with intrinsic value and worth. Children are a heritage from the Lord (Psalm 127:3), but they are dire distress. They are oppressed, voiceless, poor, and lost. At the Teen Challenge Center, our goals are to look for and find these children, remove hindrances, and introduce them to the Lord Jesus. Most of the children in our ministry come from the city's street plat-

forms. Being abandoned, running away from dysfunctional families. These children are at high risk for exploitation, crime, addiction, physical and sexual abuse, sexually transmitted diseases and HIV/AIDS. In response challenges, the Ministry of Teen Challenge of Cambodia established a place called Teen Challenge Center as a residential care for street children who were abusing drug

and alcohol. The Teen Challenge Center is a sanctuary for traumatized street children who are driven to drug and alcohol. After a drug-free period at a detoxification center, they are welcomed into the home and gradually weaned away from earlier habits through a customized recovery program, non-formal school, skills training, and family-style community living. *"Jesus said to them, All the children come to me - don't forbid ..."* - Mark 10:14-15

## Training of Trainer on Children in Crisis

. As an organizational learning, we always keep ourselves up to date. Our staff need to be equipped and nurtured with the spirit of excellence. We had a group of staff from the Book of Hope ministry who is an expert in the area of children activities and children in crisis, they shared with our staff on how to relate and connect with the children effectively and powerfully. Working with trou-

bled children is not very easy. For this reason, we must understand the biblical principles, so that we are able to carry out the great commission graciously. When staff catch the vision and calling to their heart then we hopefully are able to empower child addicts through an affirming home environment, spiritual formation, literacy, medical

assistance, and vocational training. Our goal is to have a humble attitude with the knowledge of Christ in serving our beneficiaries.

## Holistic Ministry to Child Addicts

We believe that every child, regardless of their personal situation, has intrinsic worth, value, purpose, intelligence, and competence. No child should be marginalized. Instead, they must be helped to understand their identity, and purpose in life. They must be nurtured with opportunities and resources to realize their full potential. We encourage each boy to take
